INTRODUCTION

Prevent Interior, a member of Prevent Group, is engaged in the production of furniture and interior solutions for residential and commercial spaces. It has operated for more than 5 years, and in the past period the company has realized capacity growth and has initiated significant cooperation with some of the leading brands in the field of furniture production. Prevent Interior has over 100 employees in two locations:

VISOKO

Cherishing the tradition of industrial culture in Visoko and the renowned craftsmanship of its people, we invested in renewing the leather and textile production facilities upgrading it with the furniture production that combines the know how of this region and our exceptional high standards of manufacturing processes.

KLJUČ

Geo-strategic position and proximity to EU with a long tradition of wood processing industry and high availability of the raw material.

UPHOLSTERED FURNITURE

About 200 pieces of upholstered furniture parts are produced daily in our factory.

Through vertical integration and material supply from Prevent Leather and Prevent Fabrics, we are able to offer a high level of quality at a short lead times.

MATERIALS

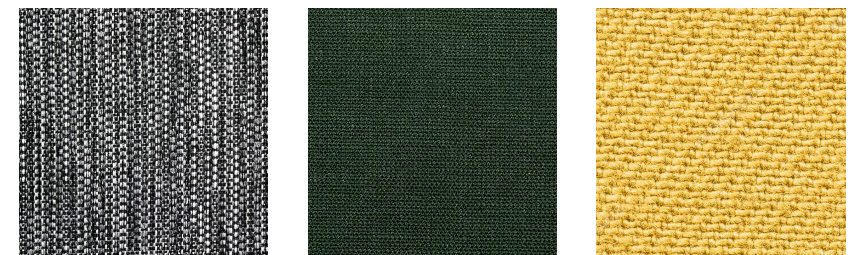

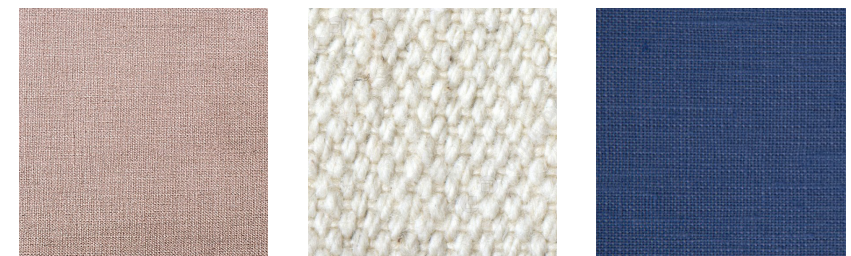

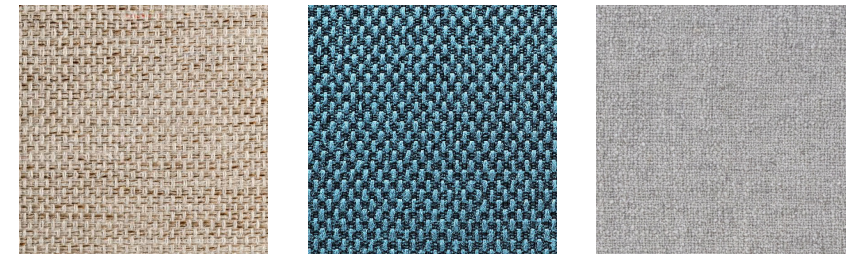

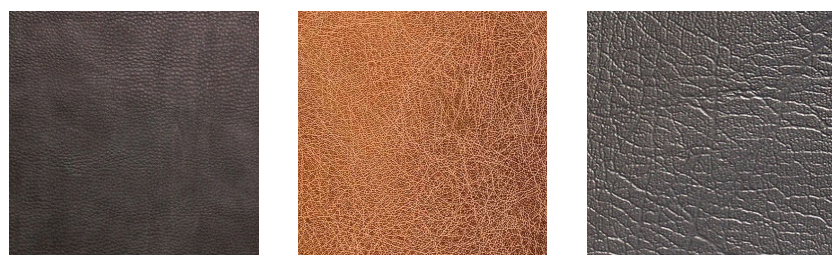

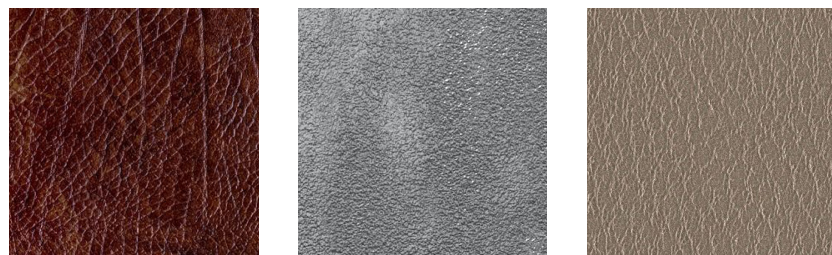

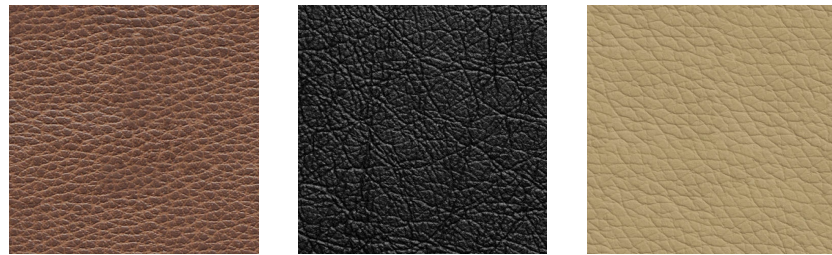

LEATHER

We master every tanning process from vegetable tanning to synthetic tanning and various combined methods.

TEXTILE

We can tan, weave, knit, warp knit and laminate.

Depending on the use to which the material will be put, we select the appropriate production method - whether as a sofa cover, clothing article or seat cover.
